NEW SHOW, NEW MARKETS, NEW OPPORTUNITIES

East Afripack 2014, September 9 to 12, is the exhibition dedicated to Processing, Packaging and Converting technology in the EAC area (Burundi, Kenya, Rwanda, Tanzania, Uganda).

Powered by **Ipack-Ima Spa**, Italy's leading organizer of international exhibitions, in joint venture with PMMI, The Association for Packaging and Processing Technologies, and in partnership with UN agency **UNIDO**, the **East African Community (EAC)** and the **Ministry of Industrialization and Enterprise Development of Kenya (MOIED)** the exhibition is designed to become the standard-setting event for the innovation and technological development of SME's in the East African Community and bordering Countries through processing and packaging technology.

East Afripack 2014 is the real place where competitiveness happens through technological innovation.
